## **Erland Construction Gives a Little Back During the Holidays**

*Burlington, Massachusetts* – Erland Construction, Inc, a Burlington, Massachusetts-based general contracting/construction management firm, recently completed its annual holiday charity drive. The effort was organized by members of the company’s Community Relations Taskforce – a group founded in 1996 with a mission to contribute to the betterment of the surrounding community. This year’s event was a toy drive for the Child Life Services Program at Children’s Hospital Boston.

Children’s Hospital requested toys that can be valuable tools in making healthcare a positive experience for patients and their families. Erland employees, eager to make a contribution, bought dozens of new books, crafts sets, and other learning toys to donate. Thanks to their generosity, many sick children at Children’s Hospital have toys and books to help make their stay a little easier.

“This year’s toy drive for Children’s Hospital was another great success,” said coordinator Sumitra Dasgupta. “As usual, so many of the Erland employees were incredibly generous and we’re proud that our donations will help to put smiles on the faces of all those kids.”

The drive for Children’s Hospital Boston is just one of many charitable events sponsored by Erland. In November, the company collected canned food and money for the Burlington Food Pantry, which provides food to approximately 150 local families, including elderly shut-ins and veterans.

Erland Construction, based in Burlington, Massachusetts, is a leading open shop construction management, program management, design/build, and general contracting firm. The 31-year old company has the specialized proficiency for new construction, additions, and renovations in major market sectors including academic, residential, healthcare, and biotech.
