Erland Construction Gives Back During the Holidays

Burlington, Massachusetts – Erland Construction, Inc, a Burlington, Massachusetts-based general contracting/construction management firm, recently completed its annual holiday charity drive. The effort was organized by members of the company’s Community Relations Taskforce – a group founded in 1996 with a mission to contribute to the betterment of the surrounding community. This year’s event was a holiday gift drive to benefit the Medford Family Life Education Center.

Medford Family Life, a residential shelter, provided names, ages, and wish lists for 8 women and 10 children. Erland employees – eager to help those less fortunate – purchased the requested clothes and/or toys. Throughout the month of December, the pile of unwrapped gifts grew and was finally dropped off at the center on December 22nd. As the only organization to make any donations to the shelter this year, Erland’s philanthropy made a huge difference.

“This year’s drive for Medford Family Life was another great success,” said coordinator Mary Leahy. “As usual, so many of the Erland employees were incredibly generous and we’re proud that our donations helped make Christmas a little brighter for these women and children.”

Erland Construction, with offices in Burlington, Massachusetts and East Windsor, Connecticut, is the region’s leading open shop construction management, program management, design/build, and general contracting firm. The company has the specialized expertise for new construction, additions, and renovations in major market sectors including academic, residential, commercial, and healthcare.
