Erland Participates in Burlington's Relay for Life; ALS Walk in Chelsea

Burlington, Massachusetts – Late in the afternoon on Friday, May 21st, Erland Construction's Burlington office was nearly empty. The majority of employees had headed over to Burlington High School for the American Cancer Society's annual Relay for Life to walk for a great cause.

"In the last year, Erland has lost three employees to cancer, so it was important for us to come out and remember them and raise money for cancer research," said Erland Vice President, Chuck Vaciliou, during the walk.

In total, the Erland team raised \$3,278 for the fight against cancer – far exceeding our initial goal of \$2,500. The Burlington walk raised over \$88,000 in total.

On Sunday, April 25th, Erland also fielded a team for the second annual Walk to Defeat ALS in Chelsea, an event where we were a corporate sponsor. In total, our team donated more than \$14,000 to this worthy cause. Affirmative Investments, who joined Erland's team for the walk, donated an additional \$2,500.

Erland Construction, with offices in Burlington, Massachusetts and East Windsor, Connecticut, is the region's leading open shop construction management, program management, design/build, and general contracting firm. The company has the specialized expertise for new construction, additions, and renovations in major market sectors including academic, residential, commercial, and healthcare.
